## IKE WILL SIGN HAWAII STATE PROCLAMATION 4 P.M. FRIDAY

President Eisenhower will go to Washington Friday where at 4 o'clock he will preside at exercises officially admitting Hawaii into the Union as the fiftieth state. He will sign a proclamation certifying Hawaii's statehood and sign an executive order on the new design for the 50-star flag. These announcements were made by James C. Hagerty, press secretary, at a news conference Tuesday afternoon in the Hotel Gettysburg press room.

Hagerty also announced that the President has changed his departure time for his flight to Europe. He will leave the states at 6:30 p.m., August 26, and arrive in Bonn, Germany, at 9 a.m., Aug. 27. This will enable the President to get an overnight's rest in Europe before continuing his flights to Paris, London and Scotland.

The chief executive returned from a quick trip to the White House Tuesday at 3:30 p.m. He had left by 'copter at 2:38 p.m. He was accompanied by Hagerty, George Allen and his son, Major John Eisenhower. Later Tuesday afternoon Mr. Eisenhower and Allen played a round of golf at the Gettysburg Country Club.

### Beats Morning Heat

The President beat the heat this morning by going to the club for an early round starting at 7:40 a.m. His golfing partner was George E. Allen. The temperature was 80 degrees and rising rapidly.

While Eisenhower and Allen toured the course, David Eisenhower, the Chief Executive's 11-year-old grandson, talked baseball with caddies and waited for a golf lesson from Dick Sleichter, the club pro.

Hagerty said the President hoped to spend a quiet day. Unlike a week ago, Eisenhower scheduled no news conference today.

## BUS DRIVERS' SCHOOL IS SET FOR THURSDAY

Approximately 50 persons will meet Thursday at Gettysburg High School for a "School Bus Drivers' Institute." County Superintendent of Schools C. P. Keeler announced today.

The session is open to bus drivers, administrators, principals and business managers of the schools.

The program will begin at 9 o'clock Thursday morning with registration. At 9:30 John E. Pfaff, Highway Safety Education specialist for the Pennsylvania Department of Public Instruction, will speak on "The Qualifications of the School Bus Driver."

### Other Speakers

At 10 o'clock Joseph Intorre, administrative assistant of the Institute for Public Safety for the Pennsylvania State University will speak on "Care and Maintenance of the School Bus."

The final speaker on the morning program will be Miss Helen L. Steiby, first aid instructor for the Adams County Red Cross, who will speak on "First Aid Essentials."

Following lunch the Pennsylvania State Police will speak on "Traffic Laws and Regulations Pertaining to the School Bus Driver."

### Afternoon Program

Much of the afternoon will be devoted to "Road Tests" conducted by Pfaff and Clarence E. Wissinger, supervisor of the Public Service Institute of the State Department of Public Instruction.

Tests will be given for quickness of reactions; the time required to stop buses at different speeds; and parking and driving skills.

The program will conclude with the showing of a film "Priceless Cargo," depicting operation of school buses.

## Vacationers Safe In Quake Section

Mrs. Emory C. Zeppe, 106 E. Middle St., has received a telegram from her son-in-law and daughter, Mr. and Mrs. William R. Swisher, advising her of their safety in the Yellowstone National Park which was struck by an earthquake Monday night.

The Swishers and Miss Anna belle Gouker, Philadelphia, are vacationing at Yellowstone where they are visiting the Swishers' son, William, who is employed there this summer.

## TRAVEL GROUP STUDIES FARM PURCHASEPLAN

Secretary of Agriculture Ezra Taft Benson briefed newsmen this afternoon in the White House press room of the Hotel Gettysburg on the necessity of better farm legislation. Benson met the newsmen following a report to the VFW home, E. Middle St., the members were told by President Walter B. Lane that the North-South Skirmish Association is planning to establish a permanent national headquarters where the annual national shoots will be held, and where member units may come at any time to use the ranges for musket, pistol and cannon firing. Gettysburg is among possible sites being considered by the national organization.

The chairman of the national site committee will come here next week to meet with a Travel Council committee. At Tuesday's meeting the committee was authorized to consider a possible offer to the Skirmish Association that the Travel Council purchase a farm on which the skirmish association could establish its national headquarters.

**Discussion Next Week**

Final decision on "how far we can go" in the matter will be taken at a meeting of the Travel Council following next week's meeting.

William G. Weaver, chairman of the outdoor drama committee reported on the meeting here in the fall with Roger Sherman, executive vice president of the Jamestown Corporation which produces an outdoor drama in Williamsburg.

Plans were discussed to join with the Lancaster Travel Council to discuss a regional travel promotion in the fall.

Aimed at the New York area, the regional publicity will encourage weekend visits to the area.

**TO RESURFACE ROADS**

The Gettysburg National Military Park today asked for bids for the surfacing of 23.9 miles of battlefield roads. The work consists of furnishing labor, materials and equipment necessary to resurface with hot mix bituminous material and soil stabilize and seed shoulders. Sealed bids will be received until 2 p.m. September 2, at which time they will be publicly opened.

**MOUNT TEACHER ILL**

The annual "whip" party of the Exchange Club was held Tuesday evening at the CCC camp, Confederate Ave. Thirty members and guests were served a steak dinner. The party is financed from "fines" assessed against members for club rule infractions.

**ADAMS COUNTY WILL MARK CENTENNIAL OF COURT HOUSE**

Adams County will mark the 100th anniversary of the completion of its "new" court house on Saturday.

An "open house" will be held at the court house on Baltimore St. from 2 o'clock until 8 o'clock that evening during which time officials will be present to display some of the records of the county which date back to 1800, with particular emphasis on the records of 1859 when the "new" court house was completed.

The court house is variously the second, or the fourth, in the county's history — depending upon how one counts. The "first" court house was located in Lincoln Square, but it was not ready for occupancy until 1804, and so for the first three years of the county's existence the court met in the home of Isabella Gettys, and county offices were located in various homes. The "jail" was also private home until the county completed the construction of its first permanent jail.

While the present court house was being built in 1858-59, and the "old court house" in the square was being torn down, the court and offices were in McConaughy's Hall.

For the "open house" Saturday officials made charts comparing the number of court cases today with the number when the present court house was opened in 1859.

Members of the Bar Association will act as "guides" for tours of the court house. Part of the tour will be a visit to the museum of the Adams County Historical Society in the basement where many relics of the county are on display.

**ACID IS THROWN ON SOLON FROM PASSING AUTOMOBILE**

WASHINGTON (AP) — Congressional associates quoted Rep. Frank Thompson (D-N.J.) today as reporting acid was thrown on him from a passing automobile Tuesday as he drove to his office.

Thompson himself was not immediately reachable for details.

Rep. Stewart L. Udall (D-Ariz.), a close friend of Thompson, said the New Jersey representative told him and a few others about the incident.

Udall said there was an acid hole through Thompson's clothing and a burn on his arm, about the size of a dime.

Thompson was quoted as saying he threw up an arm when he saw the fluid being squirted at him from a syringe, and thereby protected his face.

The Washington Post quoted a source close to Thompson as saying he had been receiving anonymous telephone threats for about

## Boy Slain By Shotgun Blast Will Be Buried On Thursday

The nine-year-old Emmitsburg boy who Tuesday morning shot and killed his six-year-old brother with a 20 gauge shotgun has been charged with being a delinquent minor, Maryland state police reported today.

Gary Lee Manning was released by Frederick County juvenile authorities to the custody of his parents, Mr. and Mrs. Floyd C. Manning Sr., pending a hearing the time for which has not been set.

Private funeral services for the victim, Floyd Calvin Manning Jr., will be held Thursday afternoon at 2 o'clock in the Wilson Funeral Home, Emmitsburg. The Rev. Philip Bowe, pastor of the Elias Lutheran Church, will officiate and burial will be in the Bethel Cemetery, Highfield. There will be no viewing.

The child is survived by his parents, a grandmother, Mrs. Mary Ellen Manning, Emmitsburg R. 1, and these brothers and sisters at home: Mary Theresa, 11; John Michael, 10; Gary and Shirley L., 4. He was scheduled to enter the first grade at the public school in the fall.

**Parents Were Away**

The five children were at home Tuesday morning while Mrs. Manning was at work at the Gettysburg Shoe Co. The father was away looking for work. The family lives in an apartment over a garage at the rear of an E. Main St. property.

According to the story state police have pieced together from questioning the children, the five Manning youngsters ate their breakfast in the apartment. They watched television for a while, then decided to play cowboy. Gary got the shotgun from a closet and young Floyd got a shell from a drawer.

According to the children, the gun discharged when Gary bumped his arm.

State police this morning conferred with the state's attorney's office but decision on what, if any, action will be taken will not be made until further investigation by police and by the Children's Aid Society which has been requested to make an investigation.

## Ike Macmillan On British TV

President Eisenhower and British Prime Minister Harold Macmillan will appear together on a radio-TV broadcast the evening of August 31, the White House announced today.

Press Secretary James C. Hagerty said the broadcast will originate from No. 10 Downing St., the London home of Macmillan.

Hagerty said Eisenhower and Macmillan are expected to speak informally for 15 to 20 minutes.

The talk will precede a dinner Macmillan is giving for Eisenhower that evening.

## Miss Ida Haley Dies On Tuesday

Miss Ida E. Haley, 89, died at the Warner Hospital Tuesday evening at 7 o'clock. She had been a patient in the hospital for five days. Miss Haley resided with Mr. and Mrs. Paul Reaver at R. 5 from 1914 until 1915 when the latter couple moved to Confederate Ave. after which she continued to reside at the R. 5 address with Mr. and Mrs. Addison Durborow.

The deceased was a member of the Methodist Church, Mrs. Tate's Sunday School class and the Missionary Society.

Funeral services will be held Friday morning at 10 o'clock at the Bender Funeral Home with Rev. William E. Fenstermaker officiating. Burial will be in Evergreen Cemetery.

Friends may call at the funeral home Thursday evening from 7 until 9 o'clock.

**UPPER ADAMS HIGH PUPILS ARE ASSIGNED**

State police today announced they are searching for a 14-year-old Aspers youth and an 18-year-old Aspers girl missing from their homes since August 11.

Police described the youth, John D. Quesenberry, 14, son of Austin Quesenberry, Aspers, as six feet tall, weighing 160 pounds, dark hair. He is a former tile factory worker.

The girl, Charlene Pryor, nicknamed "Dolly," 18, daughter of Mr. and Mrs. Charles Pryor, Aspers, is five feet five inches tall, weighs 100 pounds, has brown hair, fair complexion and the time of her disappearance was wearing glasses with blue rims.

Police said the young people had been at their homes on August 11, and disappeared during the day. There were no witnesses that they were together. Neither was known to have any money, and neither took extra clothes.

**FBI Director J. Edgar Hoover** observes that the nation faces a dual menace — "The Communist conspiracy attacking from within and from abroad, and a criminal conspiracy made up of the lowest dregs of the lawless who are attacking our statutory and constitutional safeguards."

He adds this all-important observation: "Our forefathers fought to gain liberty; our struggle in this, the nuclear age, is to maintain and perpetuate it." Many Americans, perhaps even most, seem to think liberty is a fixed and eternal principle which can be taken for granted.

Funeral services Friday at 10 a.m. at the Wetzel Funeral home, Hanover. Rev. Dr. Nevin Smith, pastor of Emmanuel United Church of Christ, will officiate. Interment in Mt. Olivet cemetery.

**Prior to last Memorial Day,** a county government in an Eastern state appropriated \$250 and sent it to the Memorial Day Committee for the purpose of hiring a band. But a proviso was attached — that it had to be a union band, and not a school or other volunteer band.

The Committee, it is pleasant to record, sent the check back. It said that it wouldn't pay men "to take part in a patriotic celebration."

The incident drew this ironic comment from the Flemington, N. J., Democrat: "Let's call off Memorial Day until we get everybody in this country into a union. Let's bury no more veterans without the services of union pallbearers, union gravediggers, union embalmers, union chauffeurs driving the mourners to the cemeteries, union-made and set grave markers, union-grown flowers and union-made-up floral pieces.

union-made American flags over the graves, placed, not by volunteers like the Legionnaires and the Sons of Veterans but by card-bearing grave decorators to the exclusion of comrades in service, neighbors, friends, relatives. And let no word of Scripture be uttered, no prayer be said except by AFL-CIO licensed and dues-paying pastor."

The grim fact is that this isn't just sheer fantasy. It's precisely what some of the labor leaders would dearly love, judging by their drives for more and more monopoly power.

## MOTHER WINS LONG BATTLE TO CLEAR SON

CHESTER, Pa. (AP) — A mother's claim that her son did not commit suicide has been vindicated by a coroner's jury that ruled he was murdered.

The jury ruled Tuesday that Georgios Tsangarakis, a 19-year-old seaman from Crete, had been murdered. He died by hanging aboard the freighter Nikolas off the Florida Coast in November, 1957.

The seaman's mother had been in this country for a year, trying to prove that he had been murdered. When the verdict was announced she shook hands with every juror.

### Case Reopened

A coroner's certificate of death by suicide had been issued when the ship docked at Camden, N.J., just across the Delaware River.

The case was reopened by means of a suit filed in U.S. District court in Philadelphia by the Greek consul general in New York acting for the family. The inquest was held here because the body was buried in Delaware County.

Theodore M. Kostos, a New York attorney who represented the family at the inquest, said that passports of Socrates Paleocrasos, captain of the ship, and several members of the crew have been lifted by Greek authorities pending the outcome of proceedings in this country.

## NEW BILL WILL HIKE BENEFITS

WASHINGTON (AP) — President Eisenhower has before him today a bill that raises veterans pension benefits by 10 billion dollars over the next 40 years.

The Senate completed action on it Tuesday by withdrawing a Senate amendment to which the House objected. That would have given veterans of World War II and later another year to take out National Service life insurance.

The Eisenhower administration has opposed the bill strongly in its present form but there was considerable doubt the President would veto it.

The Senate passed the bill last Thursday by a vote of 86-6 and the House by 226-34 on June 15. Both votes are well over the two-thirds margin needed to pass a law over the President's veto.

The bill concerns only pensions for veterans with nonservice-connected disabilities and their dependents.

## Police Breakup Racial Gang War

BOSTON (AP) — About 30 policemen with drawn guns broke up a threatened street gang war battle Tuesday night with whites on one side and Negroes on the other. Police said the youths were armed with clubs and knives. Sgt. John Pastore of the Roxbury division, where the outbreak took place, said the near-rumble was the outcome of continuing hostilities.

### KILLS ROOMMATE

BILOXI, Miss. (AP) — An Air Force lieutenant drew his gun in a playful fast-draw demonstration Tuesday night and accidentally killed his roommate.

Lt. Lewis J. Takas, 23, of Allentown, Pa., died minutes later with a .45 caliber bullet in his head.

Lt. Joseph Lipsey Jr. of Baton Rouge, La., fired from about five feet away in an apartment the two shared with another pair of bachelors. All were stationed at nearby Keesler Air Force base.

**Estimated Increase**

Sen. Harry E. Seyler (D-York), a junior high school principal, said the Senate bill would increase the maximum annual school subsidy base from \$5,800 per teaching unit to \$7,000 the first year and to \$8,000 the second year of the biennium.

The House bill would boost the maximum base to \$9,000 immediately for each teaching unit. A unit consists of 22 pupils in high schools or 30 pupils in elementary schools.

The Senate version also would require local effort to be increased proportionately to keep the present subsidy formula intact.

### No Salary Increase

Neither the House bill nor the Senate version provides for teacher salary increases. However, a separate House bill would appropriate \$4 million dollars for this purpose.

Seyler, one of four Senate sponsors, said higher subsidies are necessary because school districts throughout the state are reaching the point where their local resources will no longer make it possible for them to have an adequate educational program.

He recommended no specific tax to finance the increased subsidies, but said there are enough tax proposals in both chambers of the Legislature to carry the load.

Other sponsors are Sens. Jo Hays (D-Centre), Albert R. Peckham (R-Armstrong) and Paul L. Wagner (R-Schuylkill).

## DAM EVIDENCE OF DEMOCRACY SAYS GENERAL

HONESDALE, Pa. (AP) — The Army chief of staff, Gen. Lyman L. Lemnitzer, today described the recently completed Dyberry Dam near here as an evidence of "Democracy in action which has made this country what it is today."

Lemnitzer prepared his remarks for the dedication of the dam, in an area of Pennsylvania which was once his home.

He said the structure was "valuable as a symbol of the combination of skill and energy and devotion to the best interests of the community," typifying what can be done through the cooperation of individuals and local and state government and federal agencies.

### Urged Support

He said that the dam dedicated today and Prompton Dam which will be finished next year will "provide a bulwark of protection against any such disaster" as fell the Honesdale, Hawley and White Mills area in 1942 when raging floods claimed 24 lives and did several million dollars damage.

Gen. Lemnitzer urged support for a measure recently introduced in Congress to rename Dyberry Dam for the late Lt. Gen. Edgar Jadwin, who served as chief of engineers until his retirement 30 years ago. Jadwin was a native of Honesdale and won fame as an assistant engineer in the construction of the Panama Canal.

Lemnitzer said that the real beginning of both Dyberry and Prompton Dams stemmed from the disaster of 1942. The project was authorized by Congress in 1948.

### Burglar Caught Sleeping On Job

NORTH BERGEN, N.J. (AP) — Wayne Smith, 25, must show up in Municipal Court today because he was caught sleeping on the job. John Riechert said he came home to his second floor apartment Tuesday and found Smith sleeping on his bed.

Police said Smith told them he had climbed a fire escape and entered the apartment to rob it, but lay down on the bed to rest and fell asleep.

Smith, a die maker, was charged with breaking and entry.

Gettysburg Ready To Greet State Elks For Convention: The Elks Are Coming.

The vanguard of officers and delegates to the Pennsylvania State Elks' association convention which convenes here next week will arrive on Sunday.

Members of the state committee and officers will meet delegates to the convention at the Hotel Gettysburg Sunday afternoon.

Representatives of the 124 lodges in the state are expected to be here before Monday evening with the peak attendance scheduled for Thursday when the annual parade and grand ball will be held.

**Today's Talk****TOOLS**

I can understand a carpenter's love for building. He has many beloved tools to answer his bidding. Tools are fascinating. I used to love to watch a carpenter work. Most of them appreciated my love of these things that helped to create homes, factories, furniture, and an endless variety of useful things. Perhaps it was this fascination for tools that influenced Christ to work with them.

I am always happy when engaged with tools to "make things." The use of tools is a most useful occupation. I always rejoiced when my father, who was a minister, told me that he had a carpenter among the members of his church. I was probably a nuisance to those carpenters, but they were uniformly kind and helpful.

I have a box of tools at my home and summer camp. Each has a language, and each has its own appeal. It's a clean and inspiring trade for any man. The "old fashion" carpenter, like the old blacksmith, is almost a memory, but many a man holds each in his heart as he remembered him then.

No wonder there are thousands of collectors of fine early creations that tools have made possible. The human hands with tools have enriched the earth with their beauty. Many a home has been built by its owner, and that owner has put something of himself into it. Those tools of his become "second in command."

All tools have a history behind them. The early tools were crude but useful. With the years, however, they have taken many a forward step.

**Just Folks****HE'S WRITING FOR MAGAZINE'S**

Outside the clouds are dark and gray,

And over meadow, hill and lane,

The Storm King roughly treads his way;

Jack Frost has touched the window pane

Of palace and of humble cot,

Then there has etched his wondrous scenes;

(Although it's stifling here and hot

He's writing for the magazines.)

The sound of sleigh bells on the air,

First dim and faint, then loud and clear;

Then merry laughter everywhere Proclaim the gladdest time of year.

And busy with their snowball fights,

The boys know all what winter means;

(It's tough on hot and torrid nights)

To have to write for magazines.)

Across the housetops Santa Claus His reindeer drives at rapid pace,

And at a baby's crib he'll pause To gaze into his sleeping face.

The heat is something dreadful here.

But still he sings of wintry scenes;

His summer efforts may appear In cold December's magazines.

**Missile-Shooting Subs Propaganda**

WASHINGTON (AP) — A Moscow claim that missile-shooting Soviet submarines could bombard American industrial centers from Hudson Bay appeared today to be more the idea of propagandists than of undersea warfare experts.

U.S. submarine specialists conceded it is not impossible submarines could enter Hudson Bay from under the arctic ice and then launch their missiles at intermediate range as claimed by the naval newspaper Soviet Fleet.

But the American specialists said waters and geography in their area make it one of the more unlikely spots for submarine operation.

'Johnny' Maloney Happy At Last, Tells Life Story: John James "Johnny" Maloney has found a new happiness.

The 74-year-old "odd job" man about Gettysburg is satisfied with his lot in the Adams county home. He says he likes the three meals each day and the good bed and warm room he sleeps in.

At the county home today Johnny told of his early life. Johnny said he was graduated from a Philadelphia high school and then entered the University of Pennsylvania to study medicine but left the university before completing one year because "I couldn't concentrate my mind on studying."

For several years he lighted 173 gas lamps daily in the streets of Philadelphia. Later he carried mail and did other odd jobs about the Philadelphia general hospital and the University of Pennsylvania.

In 1904 Johnny came to Gettysburg. For thirty years he was the "odd jobs" man about town. Johnny had a mortal fear of automobiles and despite his advanced years could be seen skipping across the street, pushing his wheelbarrow before him as he darted to the opposite curb to avoid the "horseless carriages."

But Johnny gradually lost his spry, active movements. His head dropped in recent years and on two occasions he was "brushed" by automobiles. Then, after an attack of pneumonia he was sent to the county home. He rebelled against this move at first, but now he freely admits he has found a new happiness.

**SCHOOL BOARD BACKS POLICE IN LITTLE ROCK**

LITTLE ROCK, Ark. (AP) — The Little Rock Board of Directors Tuesday aligned itself against the segregationist position after almost two years of unyielding neutrality in the integration struggle here.

The board said it could find no basis for segregationists' charges that police used brutality and violated a constitutional right of peaceful assembly when they squelched an anti-integration demonstration Wednesday at Central High School.

The seven-member board said it felt officers acted legally to maintain order and protect life and property. It referred complaints filed by two women segregationists to the U.S. Justice Department as the proper authority to probe alleged violations of civil rights.

**Drew Criticism**

Previously, the board had refused to involve itself in any manner with the integration issue. But it drew segregationist criticism for ordering police to maintain order when schools opened.

Four negroes attended two once-white schools for a fifth straight day Tuesday. There were no reported incidents outside the schools and school officials said everything was quiet inside.

Attendance at four high schools continued to climb, reaching a total of 2,656. Average daily attendance was about 3,800 before Gov. Orval E. Faubus closed the schools against integration a year ago.

## STALEY HELPS BEAT ORIOLES FOR WHITE SOX

By ED WILKS

Associated Press Sports Writer

Time was when folks knew Gerry Staley as the starting pitcher who always just missed being a 20-game winner in the National League. Now, as a reliever, he has become the Chicago White Sox' lock-up guy in their run for the American League pennant.

The 6-foot right-hander, two days shy of 39, helped push the White Sox into the largest lead of the year in the tight AL race Tuesday night, giving up just one hit in three shutout innings of relief for a 6-4 comeback victory over Baltimore and a 4½-game bulge over Cleveland.

## Scores Winning Run

Staley scored the winning run for the White Sox, breaking a 4-all tie on Nellie Fox's two-out double in the eighth inning. That hoisted the White Sox six games ahead of Cleveland in the lost column after the second place Indians had been clubbed to their fourth straight defeat, 11-4, by Washington.

The New York Yankees, 12½ games behind broke a tie for third with Baltimore by beating Detroit 5-3. Boston tied Kansas City for sixth by defeating the A's 5-4.

## Gouts 13th Homer

Jim Bales' 13th home run gave Cleveland a 3-1 lead in the fourth inning, but the Senators then walloped across six runs in the sixth against bser Jim Perry (8-5).

Lennie Green countered three of his second home run and Roy Sievers scored two with his 17th.

The Senators finished with 17 hits while Russ Kemmerer (7-12), winning his second straight after dropping six in a row, gave up nine hits for his first complete game since June 28.

A two-run homer by Yogi Berra, his 17th, and Hector Lopez' solo 16th swapped it up for the Yankees in the third against Don Mossi (11-7). Art Ditmar (8-8) won it, blanking the Tigers on five hits until the eighth, when he needed Whitley Ford's relief.

Gene Stephens' sacrifice fly did it for Boston in the ninth after the Red Sox had blown a 4-0 lead. Mike Fornieles (3-2) won the Ray Herbert (10-9) the loser, both in relief.

## Eastern League

By THE ASSOCIATED PRESS

Williamsport has the magic formula.

Scots quickly, then hang in there with tight pitching.

The Grays pushed across three runs in the first inning Tuesday night, then let rookie pitcher Al Neiger (4-3) do the rest in a 4-1 victory over York.

Reading defeated Binghamton 5-2 and Allentown beat Albany 6-2.

Tony Curry bashed out his 46th double of the year — tops in the league — to drive in two Williamsport runs in the first. He later scored on an error. In the third Curry tripled and scored the Gray's fourth run when John Easton singled.

## Allows Seven Hits

Neiger didn't give up a hit over the first four innings. He allowed seven hits in all, one of them Herm Cortes' 25th home run, and struck out eight. Hal Dietz (7-6) was the loser.

Springfield bombed Lancaster, pitching for 15 hits and took advantage of five errors by the Red Roses.

Walt Bond hoisted Reading and Steve Hamilton (10-8) to victory by driving in four runs with a single and three-run homer.

Allentown touched Lee Spencer (16-9) for three home runs in the first three innings then chased the Albany right-hander with three more in the seventh. The homers by Marion Coughtry, Don Gile and Danny Lyk help Ron Cole to his 11th win against 10 defeats.

## GIANTS EYEING NEW PARK FOR WORLD SERIES

By ALAN CLINE

Associated Press Sports Writer

SAN FRANCISCO (AP) — Playing a World Series in Candlestick Stadium — IF the Giants win the National League Pennant — could be much more than a West Coast first. It could be one of the goofiest.

There'll be a backstop, foul lines and players' lockers.

But the 11-million-dollar ball park on San Francisco Bay won't be completed. The public address system probably will be a mobile job. It may be a major project to get a bag of peanuts or a beer.

## Parking Problem

There may be little if any system to the parking and it may take patience and time to get to your seat. Don't expect outfield signs giving fence distances.

Poles from which to fly the American flag and the major league team pennants probably will be missing.

Nearly everyone connected with the San Francisco Giants new homes concedes the field will be playable for the Series third game on Oct. 2 should the league leaders win the pennant. The American League champ hosts the first two games.

Contractor Charles Harney figures he'll have 38,000 seats in.

The Giants now play in 23,000-seat Seals Stadium, smallest in the majors.

## Cubs Watch Owens Beat Cardinals

PHILADELPHIA (AP) — The Chicago Cubs, who met Philadelphia tonight, arrived in town early for the series and watched Jim Owens pitch and bat the Phillips to a 2-1 victory over St. Louis Tuesday night.

The Cubs and their manager Bob Scheffing said in effect they were glad Owens took his turn on the mound against the Cardinals and the Cubs won't have to face him.

## DODGERS BEAT BRAVES 7 TO 6 IN 13 FRAMES

By ED WILKS

Associate Press Sports Writer

Don Newcombe is back in business helping the Dodgers along in a National League pennant scrap,

even though his paycheck now comes from the Cincinnati Reds.

Big Newk, the big guy of the Dodgers' staff before he was washed up because of arm and back trouble, pitched an eight-hit shutout for the Reds Tuesday night, whipping San Francisco 7-0 and trimming the Giants' lead over second-place Los Angeles to two games.

The Dodgers, winning two in a row for the first time in more than two weeks, closed it with a 7-6 victory over third-place Milwaukee in 13 innings, beating southpaw ace Warren Spahn the Braves' seventh pitcher, for the fifth time this season.

That left the Braves four games behind the Giants, who open a two-game series in Milwaukee tonight while the Dodgers start a two-game set at Cincinnati against the sixth-place Reds.

Philadelphia defeated St. Louis 2-1 in the only other NL game.

Newcombe (11-6), wireless for almost a month, walked none and struck out four while beating the Giants for the fifth time in six decisions this season.

### Lost 5 In 7

The Reds won it quick, skidding the Giants to their fifth defeat in the last seven games by scoring six runs in the first three innings.

Gus Bell drove in half of them with a double and home run, his 10th, off loser Ed Fisher (2-4).

The Dodgers, booting away what was left of a 5-1 lead when the Braves scored an unearned run in the ninth, put it away when Wally Moon tripled and Rip Repulski singled off Spahn (16-12). It was Spahn's third relief chore of the year — and he has lost 'em all, dropping two to the Dodgers, who have a 30-14 edge over the lefty veteran.

Duke Snider hit a two-run homer for the Dodgers, his 20th, and left Ralph Kiner for third on the field. The Reds' 11th, off winner Ed Fisher (2-4).

The Phillips, booting away what was left of a 5-1 lead when the Braves scored an unearned run in the ninth, put it away when Wally Moon tripled and Rip Repulski singled off Spahn (16-12). It was Spahn's third relief chore of the year — and he has lost 'em all, dropping two to the Dodgers, who have a 30-14 edge over the lefty veteran.

## GOVERNOR HAS SKID ROW BILL

HARRISBURG (AP) — The administration-backed liquor legislation aimed at the so-called "skid row" areas has come through the Legislature unscathed.

The House passed it overwhelmingly Tuesday, 151-41. Both Gov. Lawrence and Philadelphia Mayor Richardson Dilworth personally intervened against amendments backed by the tavern industry and organized social clubs. They would have weakened the Liquor Control Board's authority to control skid-row bars, Dilworth said.

The measure, which now goes to the governor, gives the board discretion to refuse licenses for establishments within 200 feet of an existing bar or within 500 of a neighborhood. Existing skid-row areas would be unaffected.

It had been backed by Pittsburgh and Philadelphia as a device to eliminate the clusters of bars common to skidrows.

## Steel Strike At A Glance

By THE ASSOCIATED PRESS

Idle—650,000 workers across the nation. Half million of them are striking steelworkers and 150,000 others are in industries related to steel.

Negotiations—Talks continue today in New York between United Steelworkers officials and company men but the outlook isn't bright for much progress.

Washington developments—President Eisenhower plans to make public some of the basic facts behind the strike.

Losses—each week 300 million dollars worth of production and 70 million dollars in wages.

Issues—15 cents an hour pay raise and better fringe benefits. The industry says this would be inflationary.

## BRIEFS

LOS ANGELES (AP)—Ex-California Gov. Goodwin J. Knight has a new job as television news commentator.

Knight, a Republican, goes on the air Aug. 31 with a five-minute commentary on political aspects of the news.

LOS ANGELES (AP)—Rock 'n' roll singer Tommy Sands says he's going to switch from rhythm and blues to more serious ballads. "Somebody has got to do it—kids nowadays don't know what the serious songs sound like," he told reporters Monday.

MOSCOW (AP)—The electronic question-and-answer machine at the U.S. exhibition bit the dust Tuesday. Powdery clouds of grit churned up by thousands of visitors tramping over the concrete floor at the main exhibition dome immobilized the delicate machinery.

The computer is primed with thousands of Russian-language answers to questions about life in the United States expected from visitors. It produced the answers at the flick of a button.

HAVANA (AP)—A charge of treason brought by a private citizen against former President Manuel Urrutia was referred to Prime Minister Fidel Castro's Cabinet Monday night. Supreme Court Judge Julio Garcera de Val signed an order transferring the case from the court to the Cabinet.

The ruling puts Castro in the position of sitting as judge on the man he put in as the first president of the revolutionary government and then crushed.

Urrutia quit on July 17 after Castro had accused him of near treason in a TV speech.

NORFOLK, Va. (AP)—Two sailors were killed and about 20 others injured Tuesday in an explosion aboard the aircraft carrier USS Wasp 250 miles east of here. A Navy spokesman here said a fire was started in a hangar bay when the engine of a helicopter exploded.

One man was killed outright. Another died shortly thereafter. The names were withheld pending notification of kin.

SAN FRANCISCO (AP)—A computer designed and built by a 16-year-old boy which automatically translates typewriter strokes into braille is on exhibit at the electronics convention here.

David E. Milne, San Diego, Calif., said he built the device from surplus parts and hardware store items in 2½ years. He conceived it for his younger brother, Steve, "who can't see too well."

SAN ANTONIO, Tex. (AP)—The Police department's "Voice of Safety" vehicle and a bicycle collided Tuesday. Paris Flower, 12, riding the bicycle, was slightly injured in the collision with the vehicle which broadcasts safety advice.

ST. LOUIS (AP)—A bolt of lightning hit the Illinois Terminal building, where the Globe-Democrat is located, Tuesday, sending bricks and debris hurtling to the street 12 stories below.

No one was hurt. Most persons in the area had taken shelter from the downpour.

## ROCKEFELLER IS ACTING LIKE GOP CANDIDATE

By JACK BELL

WASHINGTON (AP)—A lot of people may be skeptical, but Sen. Jacob K. Javits (R-NY) says he's convinced Gov. Nelson A. Rockefeller hasn't made up his mind about 1960.

Javits said Rockefeller's flying trip to Washington Tuesday was a mere scratch-the-surface affair without too much political significance.

In the course of the day, Rockefeller talked with President Eisenhower and other government officials on civil defense matters, and met with GOP office holders both in Congress and in the administration.

## Contest With Nixon

Some supporters of Vice President Richard M. Nixon thought the interest Rockefeller showed in primaries confirmed their belief that he already is a candidate—though unannounced—for the 1960 Republican presidential nomination.

Sen. Styles Bridges (R-NH), with whom Rockefeller talked grain prices,

about next March's New Hampshire primary, left no doubt he thinks the governor is headed for a contest with Nixon in that state.

Rockefeller appeared to be bent on making friends—if not necessarily on influencing them—in appearances sandwiched in between business talks with Eisenhower, Secretary of the Treasury Robert B. Anderson and Leo Hoegh, the civil defense administrator.

At a White House conference after his 45-minute talk with Eisenhower the governor took the opportunity to shake hands with all the newsmen present.

When he visited the Capitol for lunch with Javits and Sen. Kenneth B. Keating (R-NY), some of the gawking tourists might have wondered if a presidential nominee was on the premises.

Rockefeller had a grin and an outstretched hand for everybody, including Republican and Democratic senators who converged on his table. He signed autographs for tittering girl secretaries, shook hands with the Negro waiters and generally acted like a goodwill ambassador for Rockefeller.

## STATE SCORES BOWERS CASE COURT RULING

HARRISBURG (AP)—The State Justice Department maintains Dauphin County Court set a "bad precedent" in ruling that the governor lacks authority to fire a state employee without giving a reason.

Atty. Gen. Anne X. Alpern filed exceptions Tuesday to a July 31 ruling by Judge Karl E. Richards opening the door for reappointment of Clarence P. Bowers, Reading, to the State Labor Relations Board.

Deputy Atty. Gen. Harry J. Rubin said the Justice Department hasn't decided as yet whether to appeal the ruling to the Supreme Court. However, he noted Tuesday's action set up machinery for review of the case by a higher court.

Bowers, fired in 1957 by former Gov. Leader, was nominated for a new term last Tuesday by Gov. Lawrence after Richards held that the Reading battery manufacturer had been improperly dismissed and should receive back pay.

Richards said he had no evidence of "real motive" for Leader to dismiss Bowers because the governor was not called as a witness.

### The Faith Americans Live By

A tall candle symbolizing God is bedded in a plate of salt, the earth. Small candles are ignited from the central one, symbolizing flames of good in the hearts of members. Thus, meetings of the Women's Prayer Crusade for World Order and Peace, Interfaith begin.

A grandmother, Mrs. Elizabeth Gibbs, of East Aurora, N. Y., was instrumental in starting the crusade, which has inspired thousands of women around the United States to do something personal for peace. She had heard her husband remark at a party, "It looks as if it's going to be up to the women to bring peace about." Today several thousand members believe that peace is God's plan and that each person may become an instrument of that peace through right ideas, attitudes and action.

In response to the crusade the mayor of Buffalo proclaimed a moment at high noon during World Day of Prayer last year for citizens to pray for peace. The crusade sponsored radio broadcasts by clergymen of all faiths. They distributed Lenten daily prayer calendars:

"1st day, Let us pray for ourselves—that peace may be within our walls . . . 4th, Let us pray for our neighborhoods . . . 31st, Let us pray for Universal peace, that religion may be renewed in the hearts of men . . ."

#### MUNICIPAL FUNDS

HARRISBURG (AP)—Final legislative approval was given Tuesday to legislation to allow townships to invest municipal funds temporarily.

The Senate unanimously concurred in House amendments that added insured savings accounts to government securities as allowable investments. The bill was sent to the governor.

#### Hold Scout Meeting

A special meeting for the reorganization of the Girl Scouts in town was held in the auxiliary room of the American Legion Post Home. Mrs. Dorothy Good, executive director of the Frederick County Girl Scouts, and Mrs. Sheffield, neighborhood chairman, were present. Mrs. Good spoke on the Girl Scouts and what it means to the girls of teh community to have the Scouts reorganized. Troop leadership courses for those interested in the project will be given in Thurmont starting September 10 and in Frederick starting October 8. Any adult desirous of taking this course may do so. For further information contact Mrs. Charles B. Shorb. It will be necessary to have a number of leaders before troops can be formed as there are girls for Brownie, Intermediate and Senior Troops who wish to join.

## STEEL STRIKE MAY BRING ON FOREIGN STEEL

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—How is the steel strike affecting the nation's defense industries — vital in this time of world tension?

Will the step-up in steel imports hold over to plague the domestic mills after the strike?

What do the users of steel think about the industry's stand in the strike and about the chance of paying higher prices when the mills operate again?

Associated Press reporters asked these questions in all parts of the nation.

### Will Last Holders

They report that present supplies will last holders of defense contracts anywhere from this October to mid-1960.

They find several users of steel buying foreign metal, even if it costs more, and predicting that if a domestic price rise follows the strike's end, more foreign steel will be coming this way.

Those who will discuss the steel industry's stand are saying, "Inflation has got to be stopped some place." The closer they are to the

steel industry itself, the more vocal they prove to be.

Foreign steel plays an increasing part in the planning of many companies. Thomas C. Fogarty, president of Continental Can, says: "We've been importing steel from Wales since April, and we've also arranged to meet our Cuban steel requirements with shipments from overseas. Most of this steel costs us more than we usually pay."

### "Stop Gap Measure"

The Klein Manufacturing Co. of Burlington, Iowa, is buying steel from French and Belgian plants.

Vice President Walter Klein says it's a stop gap measure, "but if

domestic rates are hiked after the strike, steel companies in this country will lose more business to foreign producers."

New Orleans, Houston, San Francisco and Seattle report a big jump in steel imports as users prepared for the strike.

Most defense contract holders report good steel supplies on hand, wherever they got it.

In Texas, Chance Vought Aircraft and Temco Aircraft have six weeks to two months stocks on hand. In East Hartford, Conn., Pratt & Whitney sees no immediate effects from the strike likely. In St. Louis, McDonnell Aircraft says it will be in great shape until October.

### Good Stockpiles

month supply will keep work going on its nuclear-powered aircraft carrier and submarine. New Orleans reports its ship yards have good stockpiles and expect no delays.

The same applies to the San Francisco waterfront. Bethlehem Steel's shipbuilding division at Quincy, Mass., has seven ships under way and hasn't been hurt yet even if the parent company is strike bound.

## Reimbursement Bill Approved

HARRISBURG (AP)—A bill which would permit the granting of reimbursement priorities for repairs of fire-hazardous schools ordered closed by the State Labor and Industry Department was given final legislative approval Monday by the Senate.

A 49-0 vote sent the measure to Gov. Lawrence for his action.

The reimbursement, determined by the State Department of Public Instruction, would not be subtracted from funds already approved for present or future projects.

## Abbottstown

ABBOTTSTOWN — It has been announced by the commission on Stewardship of the Evangelical and Reformed Church that Mrs. George Hollinger, superintendent of the children's division of Emmanuel United Church of Christ Sunday School, has been awarded first place for her stewardship among the adult entries for denominational judging in the 1959 stewardship project.

The St. John's Luther League will conduct a scrap paper drive Saturday afternoon. Paper should be ready and placed in front of house.

The annual Sunday School picnic of Emmanuel United Church of Christ will be held Sunday at Hershey Heights Park, near Hanover. A covered dish lunch will be served at noon. The picnic is being sponsored by the Eveready Class and the Sunday School.

Mrs. Frances Landis and Mr. and Mrs. Henry Landis visited in Selinsgrove Sunday.

Wayne and Shuster, Canada's top comedy team, take over authoritatively. Briskly they run through lines from "Bell, Book and Canvas," a parody of Clifford Odets' "Golden Boy."

Shuster, 42, stocky, without a temperamental bone in his body, plays the boxer who wants to be somebody.

Wayne, 41, the eternal gag man, tongue tripping to keep pace with a churning mind, impersonates the Italian father set on having his son a musician.

The Canadian comedians flew to London early in July to make films for commercial television, mostly British versions of shows they have done in Toronto and New York.

**Second Visit**  
"It's their second London visit. When they were here two years ago, a British critic applauded their "manic transatlantic zing." But the local cast, watching their freewheeling approach, seems a little baffled. How did these chaps get their big reputation? Not a line appears in the papers about their visit.

This causes no grief. Success came late to the Canadians and they play it cool. Shuster would prefer to do the job, take the money and go home, leaving the hoopla to those who like it.

The profit and honor came mostly in New York. After 15 middling years in Canada, they clicked on Ed Sullivan's show.

Now they bask in the bright lights without getting burned. New York is nice but Toronto nicer.

## TODAY'S TOYS "MUST PASS" DOCTOR'S TEST

By DOROTHY ROE  
Associated Press Women's Editor

Once upon a time a child was happy with a homemade rag doll or a soapbox scooter nailed together in the woodshed. Those days have gone forever.

Today the business of choosing toys is a serious science, involving expert analysis by specialists in psychology, sociology, physical development and safety.

"You can't just go out and buy any old toy for a child," says Dr. Emma Sheehy, professor of education at Columbia University and a consultant to the Toy Guidance Council for 13 years. "You have to be sure that it's the right toy for his age and interests, that it will give him full play value and develop his talents."

### Toy Testing Lab

Pursuing this theory, the council recently celebrated its 21st birthday by setting aside one whole floor of its new building in midtown Manhattan as a toy testing laboratory. Children of various age groups are invited in to play with new toys while Dr. Sheehy and other members of the consultant committee watch through a two-way mirror from an adjoining room.

The experts grade toys as to amusement value, mental development value, vocational development value and safety. In the latter category toys must pass various tests: smooth edges, non-toxic surfaces, appropriate size, appropriate weight and ease of manipulation.

### Pass 400 Toys

"We pass on about 400 toys a year, submitted by various manufacturers," says Dr. Sheehy. "If a toy doesn't measure up to all the requirements we toss it out."

Dr. Sheehy's advice was enlisted by the founder of the council, Melvin Freud, in 1946. For the first two years she tested toys alone, then was assisted by Dr. Mary Moffet, professor of education at Queens College.

So when you go out to buy a toy for junior, please realize it's no laughing matter. Just think of all the tests this little toy has had to pass to get to market.

## BASEBALL TV NOT INJURIOUS DECLARES CBS

By FRITZ HOWELL  
Associated Press Sports Writer

NEW YORK (AP) — Baseball is entertainment, as is television. What we have done is merge the two so the public can enjoy our great national pastime."

That's the answer of William C. (Bill) MacPhail, director of sports for the Columbia Broadcasting Co., Inc., to charges by minor league baseball men throughout the land that the telecasts of big league games have practically wrecked the game.

"We feel," MacPhail said, "that baseball on television — any brand of baseball — tends to create and stimulate interest in the game in general, and in the home town in particular, if the latter is properly promoted."

### Leagues Decrease

"We in television do not feel that televising of the major leagues on Saturday and Sunday has materially affected the structure of minor league baseball. The figures show that the trend of the diminishing minor leagues was well in evidence long before television became a factor in 1953."

"At its peak, the National Association had 59 leagues in operation — namely the 1948-50 era. In

## Federal Jurist Dismisses Charge

LEWISBURG, Pa. (AP) — Charges that a former Sunbury auto salesman transported stolen money across a state line have been dismissed by U. S. District Court Judge Frederick V. Follmer.

Judge Follmer Tuesday granted a motion by the defense that Leo Edward Larue be dismissed because the government failed to make a case against him.

Larue was accused of stealing \$5,591 and taking it to Newark, N.J.

1953, when major league baseball first entered into the national television market, 38 leagues were in operation — a drop of 34 per cent.

"Last year there were 24 leagues in operation, a ratio in proportion with the pre-television decline."

### Blame From System

In addition to the charges hurled at television, the minors blame their sagging situation on such things as the far-flung farm system and the bonus plan, both of which they tie up all available talent for the majors; desire of the majors to "make a quick buck" instead of having a long-range cooperative plan which might save the minors; lack of leadership willing to take a strong hand in settling major-minor differences, and a multitude of other things.

The fact remains that the once far-flung empire of minor league teams continues to crumble.

### TO TITUSVILLE, PA., FOR THE OIL CENTENNIAL

By Walter W. Hubbard

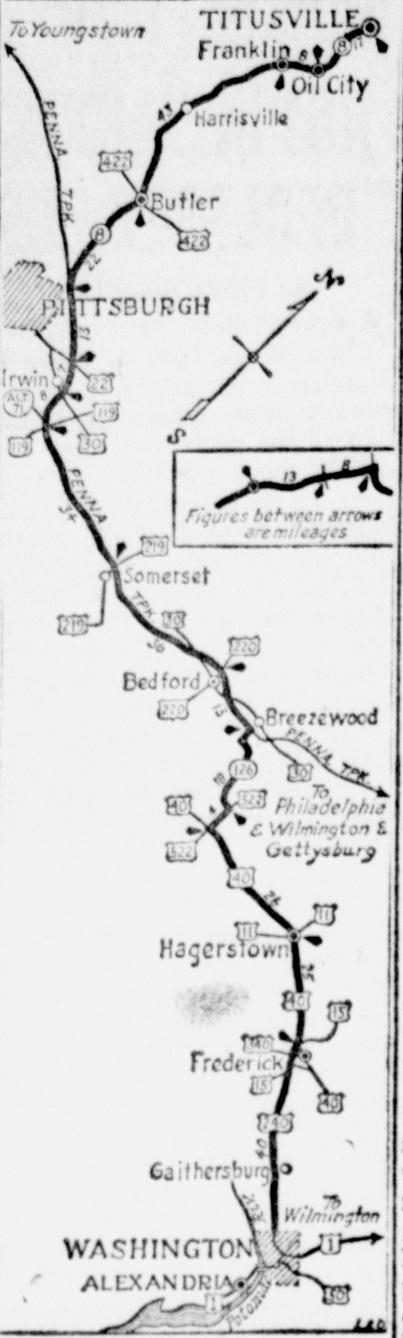

On August 27, 1859, near a small town on Oil Creek, Crawford County, Pa., the first commercially successful oil well was drilled. That was a century ago this month—and the town—still standing—is Titusville.

The leading character in this industrial drama was Edwin L. Drake, a 40-year-old former conductor of the New York and New Haven Railway. Thus a railroad man contributed, unknowingly, to the development of a motor fuel which today keeps 57 million passenger cars running on the highways, competing with the "iron horse." To say that railways have suffered because of motor vehicle transportation would be the under-statement of the month.

Drake, who looked like a bearded Civil War General, drank, smoked, played cards, and was a phoney Colonel. But he was opposed to anyone working on the Sabbath.

#### They've Struck Oil!

After "Uncle Billy" Smith, a blacksmith and Drake's assistant, had drilled to a depth of 69 feet (they dug oil four miles down today), the drill tumbled through a crust another six inches, but the tools were abandoned because the next day was Sunday, August 28. However, Uncle Billy's curiosity got the better of him that Sabbath and, with his 16-year-old son Sammy, he inspected the progress of their work. He discovered a gleaming, dark fluid flow below and sent Sammy screaming through the small town: "They've struck oil!" heralding the event that day August 23 to 30. Concerts,

parades, special film showings, art exhibits, competition between barbershop quartets, fireworks, and the visit of David L. Lawrence, Governor of Pennsylvania, on the exact anniversary date, August 27, are scheduled for Drake Well Memorial Park.

Titusville and Oil City are shown on the map provided by the industry. Titusville being 312 miles from Gettysburg, over reasonably good highways. In addition to the Memorial Park, the Drake Well Museum, southeast of Titusville, off State 8, is interesting to young and old. It deals with the origin and development of the oil industry, including machinery and the Mather collection of early oil region photographs. Mather's fame immediately preceded that of Matthew Brady, noted photographer of the War Between the States. The museum is open daily and Sunday; admission 50 cents; children under 12 free.

#### Interesting Cast

Motorists will learn here that the cast of characters in the drama leading to the commercial production of oil in Pennsylvania is an interesting one. Among them are:

George Washington. Flash back over two centuries to a cold night in December 1753 inside a log cabin at Venango (now Franklin), Pa. Washington, 21 years of age, had braved the dangerous wilderness to carry an ultimatum to the French Army commanders from Governor Dinwiddie, of Virginia. Captain Philip Joicey, of France, and Washington's companion, Tanacharison, a Seneca chief, were familiar with the nearby bubbling springs of black liquid, if none of the others were.

Finally, in motoring to Titusville, be sure to check your oil and petrol supply!

## MERCER SAYS FAREWELL TO THIS COLUMN

NEW YORK (AP)—This is the last column from my typewriter on the subject of television and radio.

In four years I've written around 600,000 words at the typewriter concerning television because there's so little to report about radio these days.

This space soon will be taken over by Cynthia Lowry, an energetic, excellent reporter and a friend of many years. I'm sure you'll enjoy reading what Cynthia writes.

#### Free Lance Writer

Personally, I'm going to work for myself as a free lance writer. It is an interesting—even a fascinating—way to go broke. It also will help me recover my amateur status as a television viewer.

I'm walking off the field a little bit tired. But I'm not going away mad. That is, I'm not going to stop watching TV. During the coming season I'll be watching occasionally with the other amateurs—and reading the newspapers to learn whether the professionals agree with me.

The World Series, a good football game sometimes, tennis always—these things will appeal to me. So will the nightly news reports of Chet Huntley and David Brinkley on NBC. I've always found many of the late Sunday afternoon shows on CBS and NBC stimulating—and I'll continue to find them so.

NEWPORT, R.I. (AP)—A seaplane, a helicopter and a destroyed joined Monday to help Henry Mello Jr., 42, of Point Judith, R. I., who lost his right thumb and fractured his right arm in an accident aboard a fishing boat off Point Judith.

A Coast Guard seaplane answered the distress call, then summoned the destroyer, USS Hazelwood, to the fishing craft. While Navy corpsmen gave first aid, a Navy helicopter landed aboard the Hazelwood and took Mello to the Newport Naval Hospital.

## SWEETHEART FACES TRIAL

WEST COVINA, Calif. (AP)—The shapey sweetheart of Dr. R. Bernard Finch must stand trial with Finch in the gun slaying of his socialite wife.

Carole Tregoff, 22-year-old ex-model, shook with sobs Tuesday when Municipal Judge William M. Martin ordered her held for trial with her 41-year-old lover. They are accused of the July 18 fatal shooting of Barbara Jean Finch, 33.

Miss Tregoff's attorney said he will file a writ seeking the girl's freedom. He said she is being held illegally on insufficient evidence.

is preparing for CBS sound interesting—and what will "Playhouse 90" come up with? The new "Sunday Showcase" will find me at its window on NBC where I'll also sample the Friday and Tuesday night specials.

There will be other good things. There will also be slop, as there always has been—but I won't have to look at it.

After I walk off the field in a few minutes I'll miss friends in the office and in television too. I'll miss letters from sincere and honest people in far parts of the country. But I'll have amusing memories.

**Few Small Triumphs**

Much of what I forecast failed to come true. There were a few small triumphs. I said that Dinah Shore could carry an hour show—and she certainly could. I said that Dick Clark would be a big hit—and he is. Every time Jack Paar lost a job I'd say he was bound to succeed some day—and he has.

Then, too, I had days of agony when the arrant commercialism of television weighed me down. Foolishly I once thought I might try to help change some of that. But I couldn't and I didn't.

I've come to believe that the importance of the medium looms too large to a so-called professional because he understandably wants to feel that this job is important. But the amateur sees it more clearly simply for what it's worth to him.

So save me a seat in the bleachers.

## News Briefs

TOKYO (AP)—Government seismographs throughout Japan registered earthquake shocks Tuesday, at about the same time as a quake was felt in the U.S. Pacific Northwest.

LONDON (AP)—A strong earthquake, location unknown, was recorded on the seismograph of the British Science Museum Tuesday. An official said the quake was the sharpest recorded at the museum.

He also contended her constitutional rights were violated when she testified at Finch's preliminary hearing without being warned her statements could be used against her.

Deputy Dist. Atty. Fred Wicello replied that Miss Tregoff "took the position of voluntarily testifying against herself." He noted that she originally was summoned as a prosecution witness.

in three years.

MONTREAL (AP)—A police outbreak classed by health authorities as a mild epidemic has claimed at least 20 lives in five weeks in Quebec Province. Two deaths were reported Monday.

HONOLULU (AP)—A yacht, with nine persons aboard and a leak-flooded engine room, sent out a distress call Monday off the island of Hawaii. A plane dropped a pump that got the boat out of danger. The Coast Guard reported the 62-foot schooner, owned by Cliff Johnson, formerly of San Diego, Calif., headed into Kailua-Kona, Hawaii, 38 miles east for repairs.

CAIRO (AP)—Six employees have been accused of stealing Egyptian antiquities from a museum 50 miles north of Cairo. The public prosecutor said 250 pieces have disappeared.

## Stolen Flag Costs Marines Stripes

SAN DIEGO, Calif. (AP) — Eleven Marines paid a stripe Monday for stealing the general's flag from the Marine Corps recruit depot.

Each was reduced one rank. The Marines include one corporal and his Marine bride of one month. The flag was found under the rug in the couple's home.

The flag of Gen. Randolph Pate, Marine Corps commandant, was swiped during a visit by the general July 26.

Now goes to the Senate where Sen. James S. Berger, Republican Floor leader, has predicted it will be defeated.

The measure just passed in the House Tuesday with only two votes to spare. The vote was 108-87.

## STATE GAS TAX HIKE FACING SENATE DEFEAT

By FRED B. WALTERS

HARRISBURG (AP)—Four Republicans have helped the Democratic-dominated House pass a measure that would increase the state gasoline tax from five to six cents a gallon.

Now goes to the Senate where Sen. James S. Berger, Republican Floor leader, has predicted it will be defeated.

The measure just passed in the House Tuesday with only two votes to spare. The vote was 108-87.

### 62 Million Yield

The extra penny tax is expected to yield \$2 million dollars in the 1959-61 biennium for Highways Secretary Park H. Martin's road-building plans.

Rep. Stephen McCann, Democratic floor leader, told the House that 96 per cent of the additional money would go for projects entirely financed by the state. The remainder would be for federally aided programs.

Still to be acted upon by the House was a \$2 boost in the \$1 driver's license fee. A vote on that revenue measure, estimated to yield 22 millions in the biennium, may not come before next week.

### Vote Switches

Three last-minute vote switches gave McCann his majority to pass the gasoline tax increase. They were Democratic Reps. Fred J. Shupnik and Frank P. Crossin of Luzerne County and Rep. Stanley Blair (R-Erie). All three voted against the bill on the original roll call.

Shupnik and Crossin said later they did not want to stand in the way of the proposal since all 102 other Democrats present had voted for it.

Three other Republicans—Reps. Ford E. O'Dell (Erie), K. B. Lee (Sullivan) and Lester H. Zimmerman (Juniata)—also voted for the bill.

### Johnson Opposed

Rep. Albert W. Johnson, GOP floor leader, opposed the measure on the grounds the Highways Department would have some 900 million dollars to spend on roads in the biennium, even without the additional revenue. This, he said, should be enough to "do a colossal job for this state."

McCann told the House the increase would cost the average motorist about \$5-\$7 a year.

"The greatest thing we can do in Pennsylvania is to continue to build the modern highways," he added.

### RESCUER DROWNS

BRISTOL, R.I. (AP)—Adelbert M. Lawrence, 40, drowned Monday while trying to rescue his two children who were being swept into deep water of Mount Hope Bay aboard a large inner tube. Police said Lawrence disappeared trying to reach the children Linda, 10, and John, 4. They later were picked up by a boat.
